## *Exterior Painting Customer TO DO List*

In order to make your experience with Carlson & Strand Painting a pleasant one, we are providing you with a few things that will help the project run more smoothly. If you have any questions please call.

- Please sign and return your contract to Carlson & Strand Painting at the above address.
- Please select your colors prior to painting.
- Please inform your gardener or lawn service of the painting schedule.
- Please trim plants at least two feet away from the siding.
- Please turn off your sprinkler system for the entire time the painters are at your project. Sprinklers should be checked to make certain they don't strike the structure.
- Please close all windows unless you are instructed otherwise.
- If you have fragile plants, please let the painters know so they can take the appropriate precautions and use special care.
- Please remove all wind chimes, hanging plants and any other hanging items.
- Please disarm your alarm system during working hours
- Please make necessary arrangements for pets to be contained inside the house or other confined area so the painters don't accidentally allow the animal to escape or get into the paint.
